Now members can go to the National Society web page and go directly to Shopping in the Insignia Store. There is a listing of ALL pins in the catalogue of the National Insignia web site. The Insignia store updates the pins that are coming available to members, each week. If it is in the catalog and not in the store, it is NOT discontinued and will be available as manufacturing resumes from the pandemic. If a pin selected needs verification, the order will initiate a confirmation and notification by e-mail is sent if service and/or contributions allow purchase of the selected pin. Commemorative pins do not need verified, such as Santa Fe Trail and Madonna pins (which every Kansas Daughter should consider).

The NIP has many of the sites that will help answer questions about pins and members are encouraged to visit the "Let's Talk Pins" on the Insignia Committee Webpage of the DAR Members' Website. Many questions are ones that may be answered already. Join the unofficial closed Facebook page, "Let's Talk Pins," to discuss pins. To join, you'll need your name, National number and chapter.

Questions for the Kansas report are:

Chapter _____: members _____; _____ members with Insignia; _____ members with Kansas State pin; _____ Programs on insignia. Give synopsis below I'd like to see that every member, with pins, have a form OSG-3002 complete and with their personal papers of their next home, so tell me how this was accomplished in your chapter.

Placement of official ribbon is Form INS-1000.

Visit the national sight for pins that have been turned to the National Society with the death of members. The most recent list will be sent via e-mail, as this is constantly changing.

The order of pins allowed on the official ribbon is form INS-1000. If the pin in question is not listed, it may belong on the 'right side ribbon'. These are NOT part of this committee, but generally the uppermost pins are the most recent administration.
